

## Environmental Policy

Struers is the leading global supplier of solutions for materiallographic sample preparation and microstructural analysis and verification.

- We are committed to complying with all applicable laws and regulations.
- We conduct environmental mapping and action plans to continuously reduce our environmental impact.
- We are committed to integrate environmental sustainability into our product development process to continually improve towards a greener and more safe usage.
- We teach the employees how they can contribute and measure the usage of resources and waste.
- Our Environmental management system is complying with ISO 14001.

A handwritten signature in blue ink that reads 'Steen Jensen'.

*Steen Jensen*
