Product Name **MD-Primo**

Cat. no.	40800085	MD-Primo 120, 200 mm (8") dia.
	40800088	MD-Primo 220, 200 mm (8") dia.
	40800086	MD-Primo 120, 250 mm (10") dia.
	40800089	MD-Primo 220, 250 mm (10") dia.
	40800087	MD-Primo 120, 300 mm (12") dia.
	40800090	MD-Primo 220, 300 mm (12") dia.
	40800118	MD-Primo 120, 350 mm (14") dia.

Revision 21-03-2017

Description *MD-Primo 120*; Grinding disc for plane grinding of materials HV 40-250. Surface finish comparable to SiC-Paper grit 120.

MD-Primo 220; Grinding disc for plane grinding of materials HV 40-250. Surface finish comparable to SiC-Paper grit 220.

Material Silicon carbide grains in an epoxy matrix, deposited on an epoxy-coated metal plate.

Properties For magnetic fixation on MD-Disc. White screen printing on the friction rear.

Re-usable.

Application The user must follow the Instructions for Use for correct work procedure

Health and Safety - Whilst the MD-Primo is rotating, ensure hands are kept well clear of the edge and out of the splash bowl.

- Do not exceed a rotational speed of 600 rpm.

To the best of Struers' knowledge, the products listed above do not contain any Substances of Very High Concern (SVHC) according to REACH regulations (amended on 20th June 2016) at or above 0.1%.

According to Article 3(3) of the REACH Regulation (EC) No 1907/2006, this product is considered an article and is defined as "*an object which during production is given a special shape, surface or design which determines its function to a greater degree than its chemical composition*".

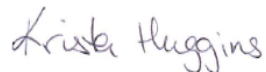

Therefore this product is exempted from CLP obligations and is outside the scope of the UN Globally Harmonized System of Classification and Labelling of Chemicals (GHS).

See Instructions for Use for more information.

Respiratory Protection It is recommended that the grinding machine is adequately ventilated during use of MD-Primo.

Environmental precautions Dispose of waste and residues as metal waste in accordance with local authority requirements.
